

WARRANTY TERMS AND CUSTOMER RESPONSIBILITIES

TEREX DIESEL MAKİNA ENERJİ SANAYİ TİCARET LTD. ŞTİ.

Deri OSB Mah. Tanen St. No: 8 Tuzla / İstanbul · +90 216 634 34 06 · info@terexdiesel.com

Customer / Company: _____	Date: _____
Generator model / serial no: _____	Phone: _____

- Warranty: 5 years or 3,000 operating hours for Quartz-engined generator sets and 2 years or 1,000 operating hours for generator sets with all other engine brands, whichever comes first. For export sales these periods are halved (Quartz: 2.5 years or 1,500 hours; other brands: 1 year or 500 hours). The warranty covers the whole generator set and starts on the date of first start-up (commissioning), subject to the sales agreement.
- Commissioning and periodic maintenance must be performed by authorized service.
- Unauthorized intervention, incorrect installation, overload, unsuitable fuel or oil and missed maintenance invalidate warranty.
- Mains-related damage, consumables, transport damage and environmental events are excluded unless caused by a proven manufacturing defect.
- Keep the invoice, warranty certificate, commissioning form and maintenance records available.
- Water, antifreeze and oil levels must be checked before operation.

This document is issued specifically for the customer and generator identified above.
